Mint of Finland redeems the commemorative coins when the following conditions are fulfilled:

- o The commemorative coins are Finnish, denominated in euro and proven to be genuine by Mint of Finland.
- o Customer has attached the fully completed repayment request form (next page).

Mint of Finland checks the fulfillment of the repayment conditions case by case. If these conditions are not met, Mint of Finland will not return the products to the customer and will not refund them.

Mint of Finland is not responsible for the costs of shipping and does not compensate for missed shipments. We recommend insurance coverage for the shipment, because Posti requires this when the shipment contains cash.
