Mint of Finland as a tax payer in 2020

Mint of Finland supports the functioning of society in all countries in which we operate by paying taxes and creating jobs.

Mint of Finland complies with local legislation regarding the payment, collection, settlement and reporting of taxes. Taxes are paid to the state which they belong based on our business operations. The tax footprint consists of three main components: direct taxes paid by the company (including income tax, vehicle taxes, capital transfer and real estate taxes), indirect taxes paid by the company and taxes collected by the company (including withholding tax, tax at source and VAT). Mint of Finland Group reports all taxes it pays. In transfer pricing, the company complies with the local laws and transfer pricing follows OECD guidelines. Mint of Finland Group deals with tax returns and other statutory duties promptly and appropriately.

Tax footprint

Mint of Finland's tax policy is part of the company's corporate social responsibility. Mint of Finland uses the tax footprint to describe the tax impact of its operations and how this impact is distributed across different countries.
